iFHP BIG Ideas Week Africa Workshop

Johannesburg
8-10 May 2023

> I attended the first BIG Ideas Week Africa along with team members. We all came away with new ideas, but not just ideas. We are now in partnership with one of the new and innovative companies from the 2022 meeting, which met our customers' needs and we will launch in Q1 2023. I can share our journey when we all meet in May. I am very much looking forward to it. There are more BIG ideas to come!
>
> *Ms Thembi Mloyi (CEO of Bonvie, Zimbabwe)*
