Turbo-charging VBHC: Challenges and opportunities

Peter Langenbach, Director of Healthcare Purchasing at Zilveren Kruis
Graham Dyer, Head of Connected Health at Southern Cross

Information Classification: General/Internal

VBHC Study Tour – Objectives

VBHC Green Belt (2 days)

Building & implementing outcome datasets	System Change
VBHC and registries	VBHC and other stakeholders clinics, pharma, medtech
Quantifying value	VBHC Network launch

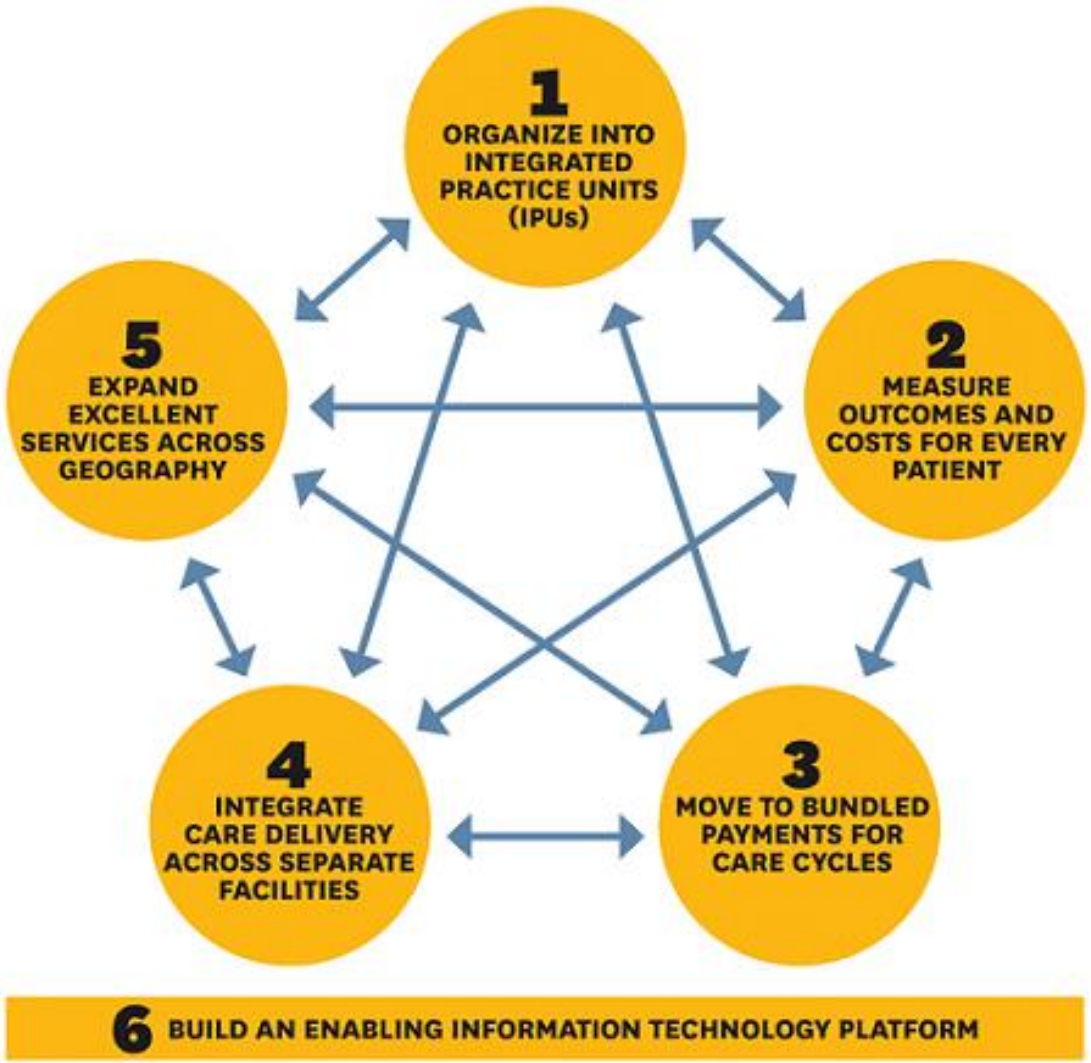
VBHC Study Tour – Objectives

$$\text{Value} = \frac{\text{Health outcomes that matter to patients}}{\text{Costs of delivering these outcomes}}$$

- The question is how to redesign health care delivery systems to **substantially improve patient value**

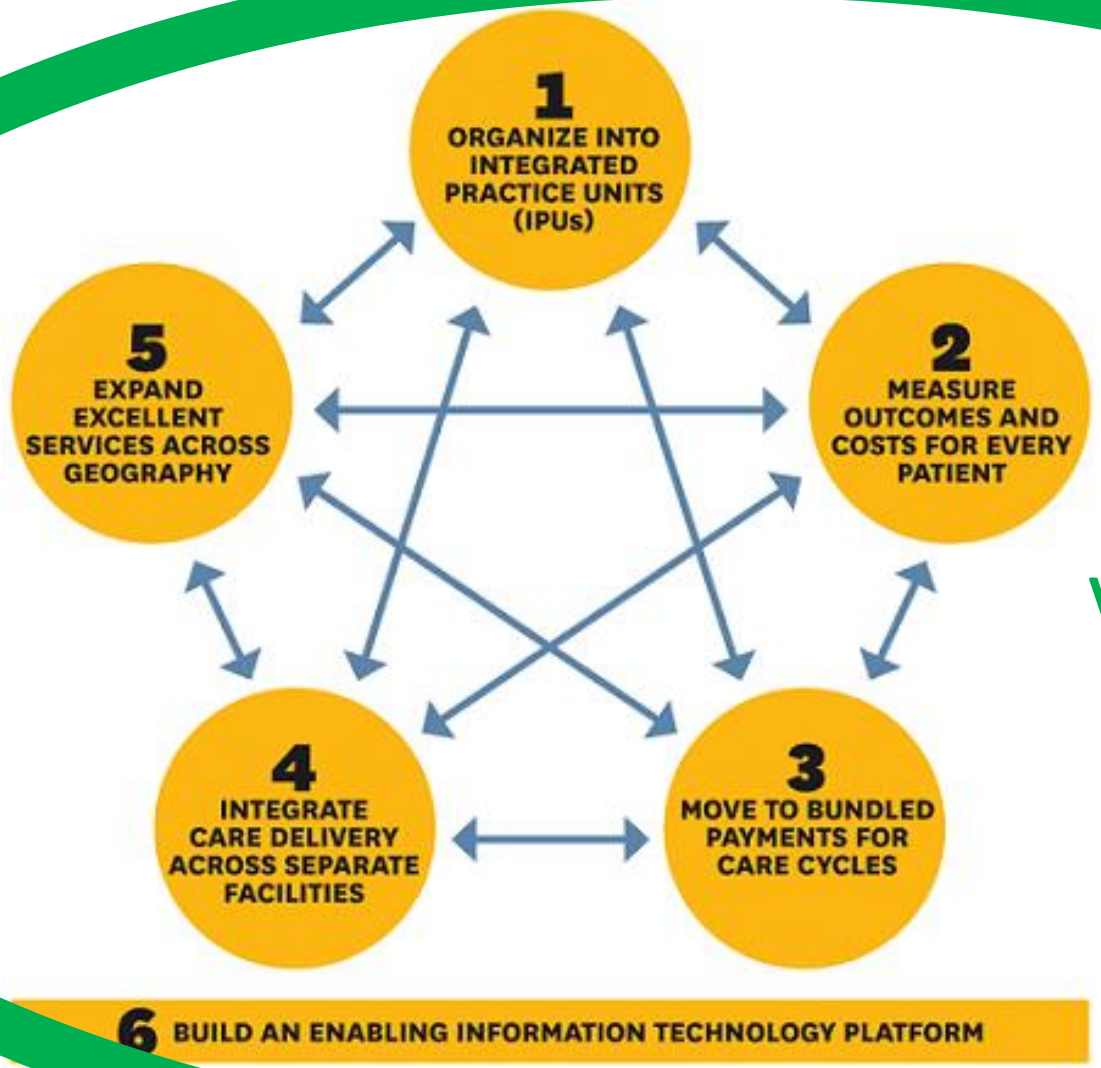
From Michael Porters presentation to OECD, 1996

VBHC Study Tour – Objectives



Information Classification: General/Internal

VBHC Study Tour – Objectives



VBHC Green Belt (2 days)

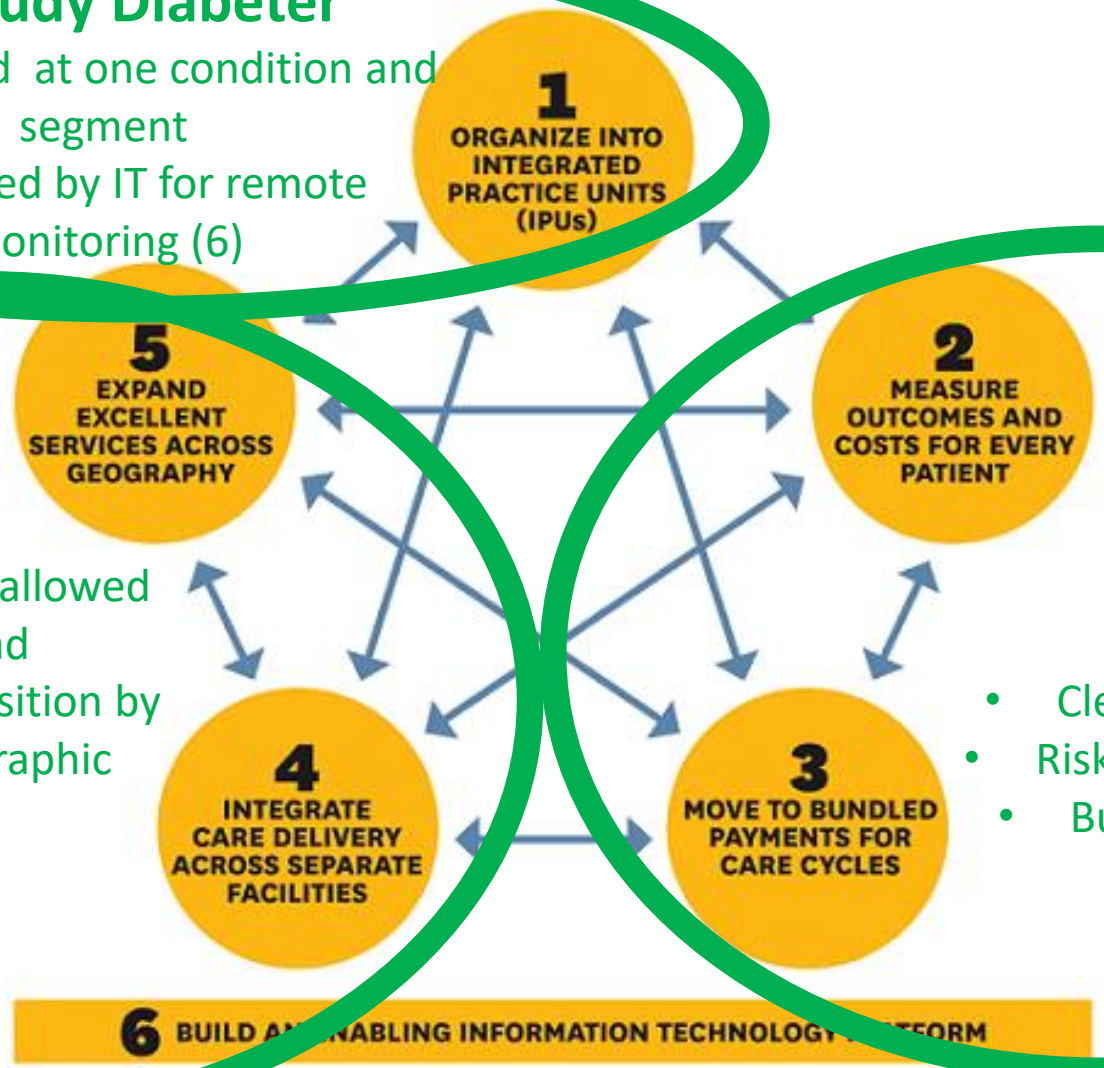
- Introduction to concepts
- Common Language
- Case Studies

Information Classification: General/Internal

VBHC Study Tour – Objectives

Case Study Diabeter

- IPU targeted at one condition and segment
- Supported by IT for remote monitoring (6)



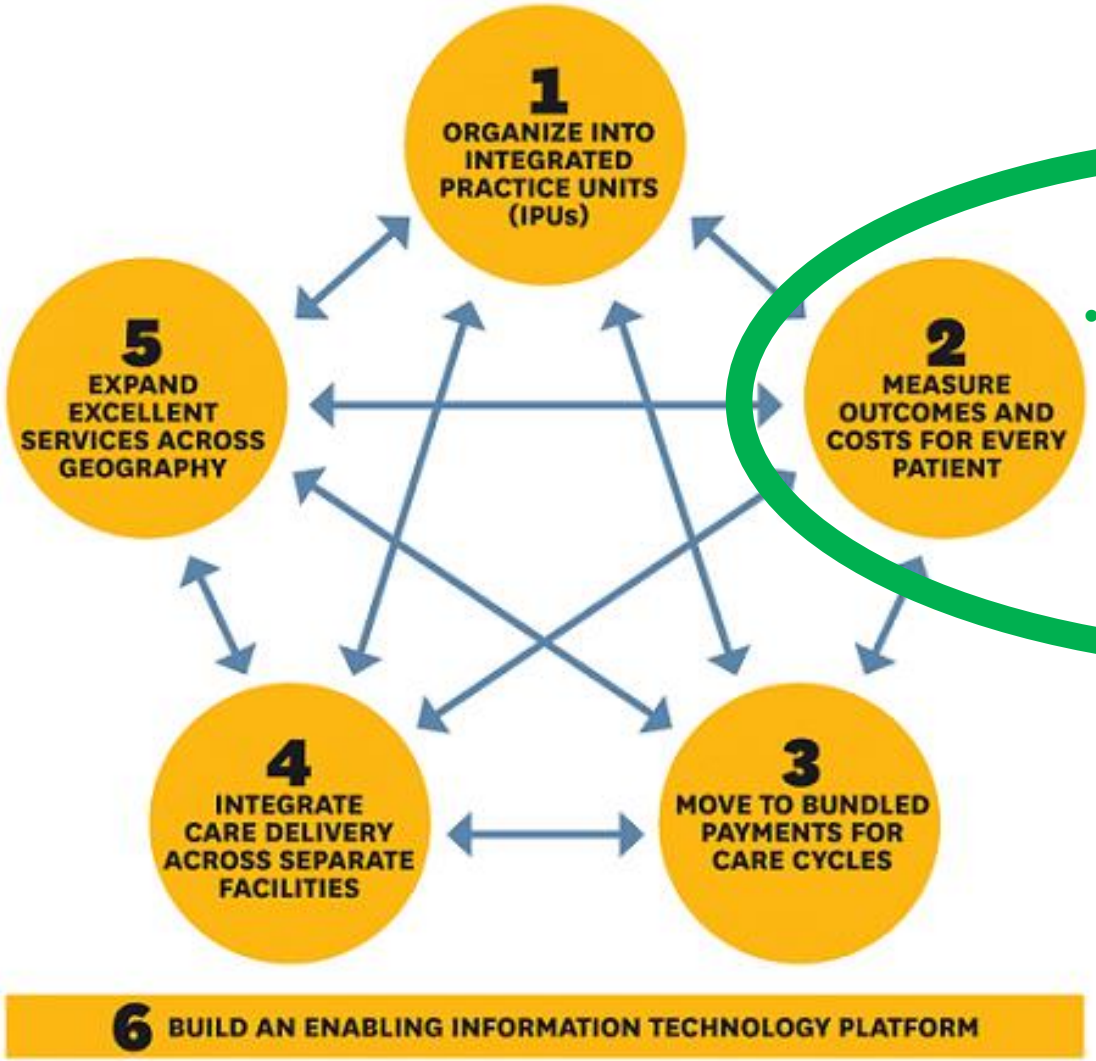
- Remote monitoring allowed regional spread
- Success led to acquisition by Medtronic – geographic spread

For Funders

- Clear outcome measures
- Risk sharing funding model
- Bundled funding model

Information Classification: General/Internal

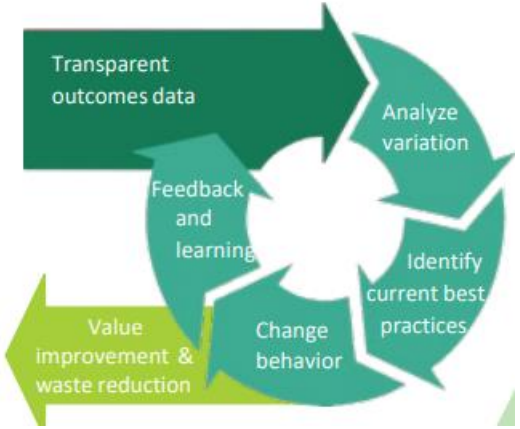
VBHC Study Tour – Objectives



ICHOM Session

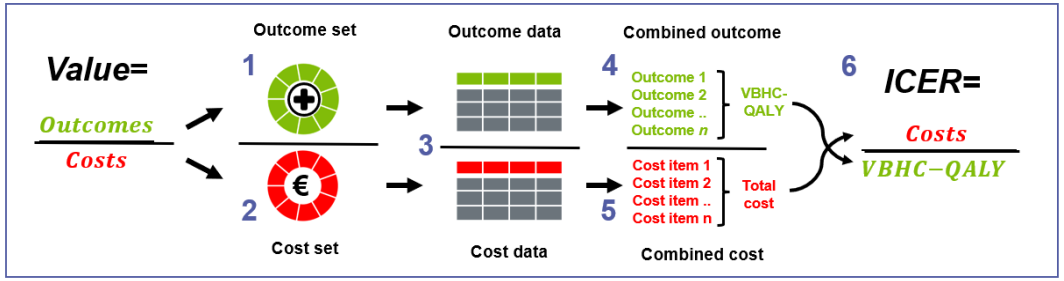
- Validated Outcome Measure Sets
- Clinical / Patient Reported / Patient Experience
- Condition Specific
- Comparable

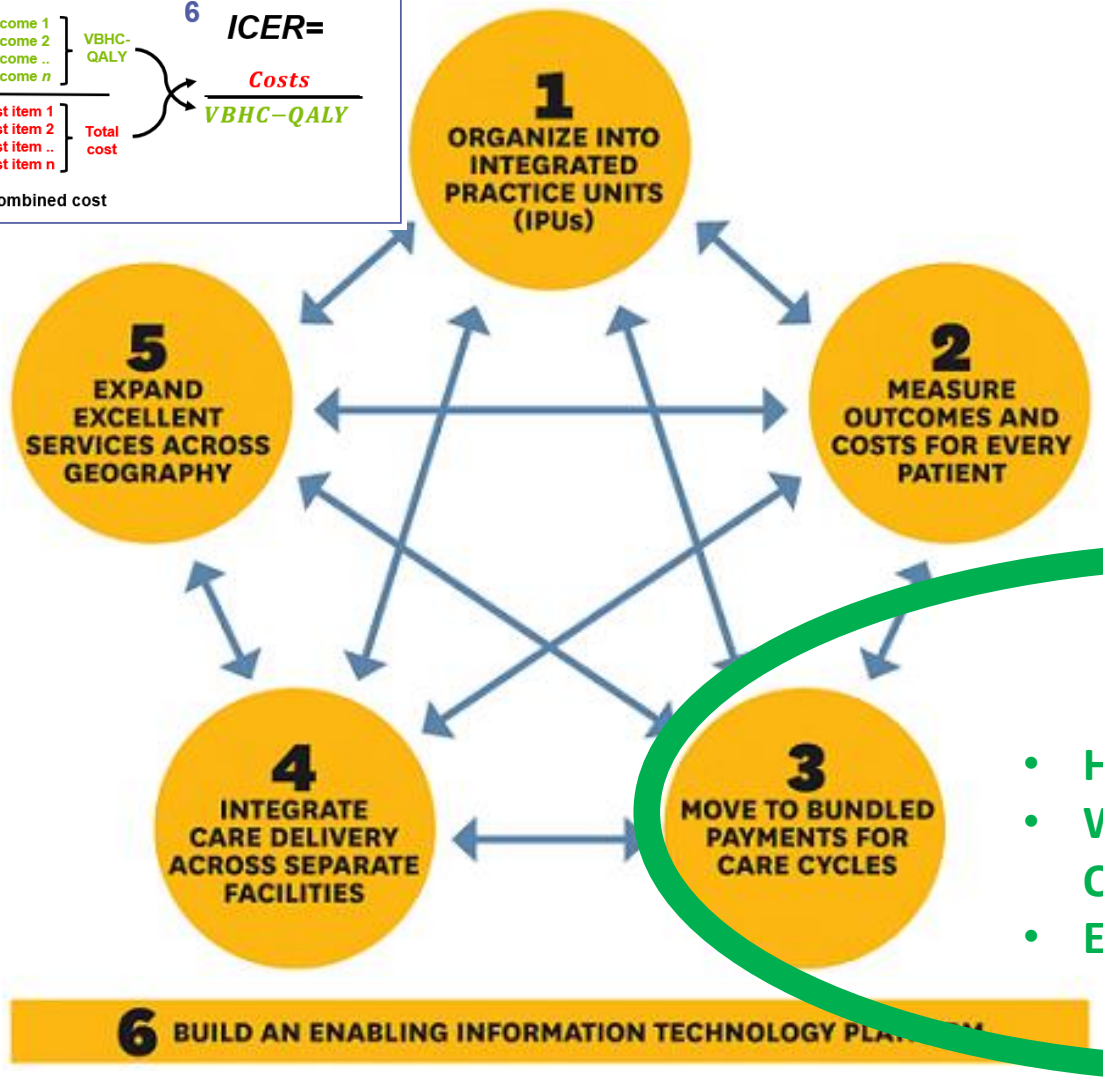
…which enables the continuous learning needed for VBHC



Information Classification: General/Internal

VBHC Study Tour – Objectives





Quantifying Value

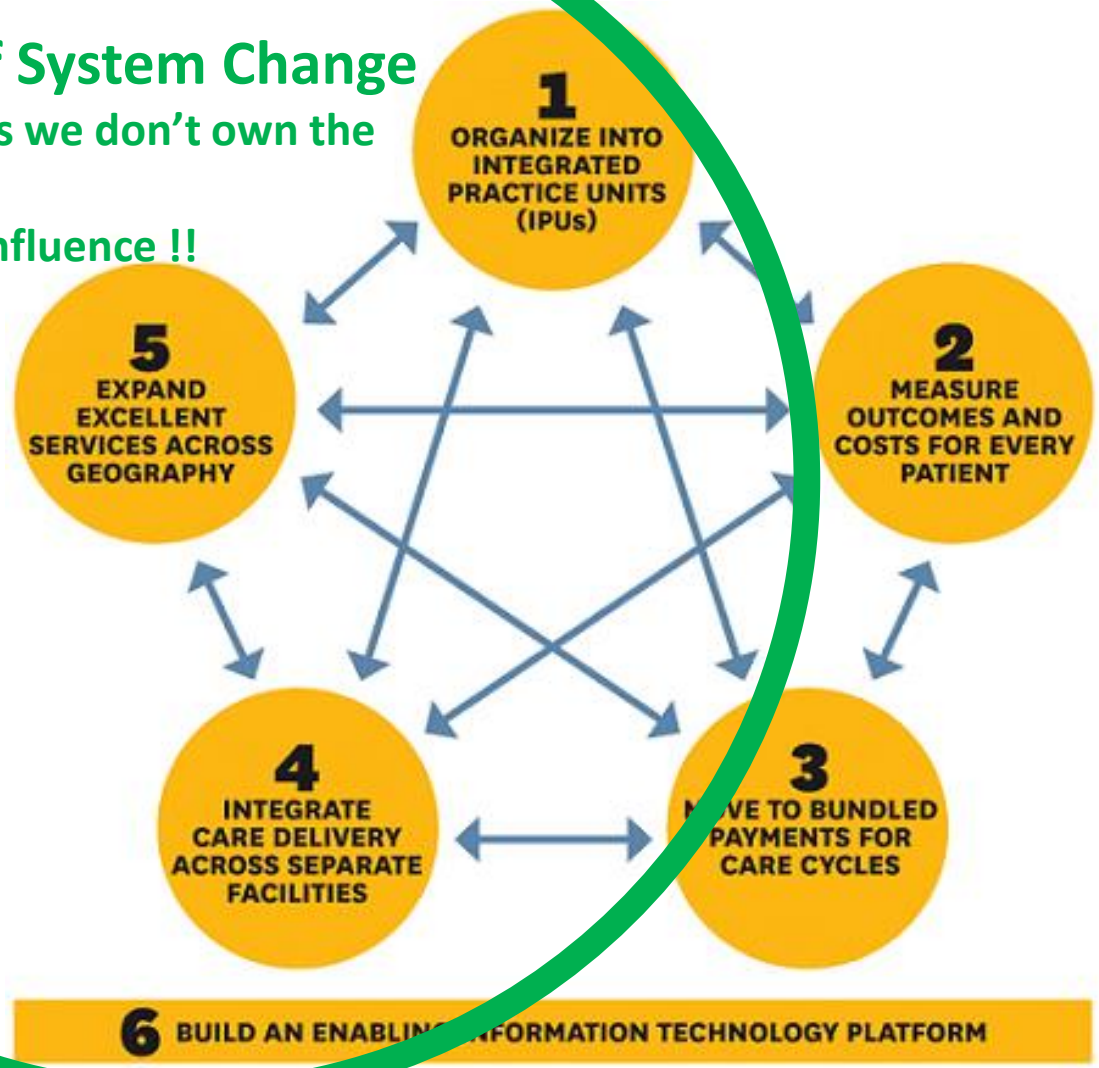
- How do we price Bundles?
- What is the value of one more QALY?
- Embrace Health Economics!

Information Classification: General/Internal

VBHC Study Tour – Objectives

School of System Change

- As funders we don't own the elements
- Need to Influence !!



"The **Three Horizons framework** is a simple and intuitive tool for thinking about the future. It helps groups explore systemic patterns to identify which of the dominant patterns are no longer fit for purpose, how the emerging trends can shape the future, and what visionary action is needed to collectively move us towards a viable future."
